

Clinical Mental Health Counseling Program Strategic Plan, 2019-2025

2019-2020

- ✓ Achieve full Clinical Mental Health Counseling accreditation by CACREP (2019)
- ✓ Host training event for field site supervisors to include CEU's
- ✓ Increase Marriage and Family Therapy community partners and clinical sites

2020-2021

- Develop additional Marriage and Family Therapy training opportunities for faculty and students
- Work strategically to develop certificate and additional training programs (play therapy, addictions, gerontology, etc.)
- Apply for grant funding for a JU CMHC Community Mental Health Counseling Clinic
- Expand the CMHC program in Palm Coast, FL as part of JU expansion to Palm Coast
- Recruit and hire faculty to maintain CACREP 12:1 faculty to student ratio and assist in program expansion
- Establish clinical partnerships in Flagler and Volusia counties
- Submit CACREP substantive change report to accredit second site in Palm Coast

2021-2022

- Sustain enrollments for CMHC in Arlington and increase enrollments for the Palm Coast site
- Increase clinical partnerships in Flagler and Volusia counties
- Continue integration of faculty and student clinicians in JU's CMHC Community Mental Health Counseling clinic
- Create a bridge program for JU undergraduates to transition into the CMHC program
- Establish a quarterly training related to Mental Health Professional Entrepreneurship

2022-2025

- Write and submit CACREP mid-cycle report per accreditation requirements
- Create opportunities for International training in Clinical Mental Health Counseling
- Development additional educational offerings within the department such as PhD program in Counselor Education
