Together, we are #JUStrong

Greetings and welcome back to the #JUStrong newsletter!

Last week we celebrated Jacksonville University's 86th birthday and saw Dolphins from around the world share a toast to our oak-lined campus and the community of people who make it special. Despite the distance between us, so many of you came together to celebrate what unites us - the spirit of the Dolphin Family and our resiliency during difficult times. This celebration of friends, family and Dolphins is especially poignant now as we prepare to celebrate the graduation of the Class of 2020. We hope you will join us in honoring this amazing group!

Here are three ways you can celebrate the Dolphin Family (and the Class of 2020):

- [Read this feel-good story](#) to see the unique way Dolphins around the world congratulated the Class of 2020 and then [share your own words of wisdom](#) with our new graduates! We'll share your advice with them throughout the coming months as they transition into post-college life.
- Read how all members of the Dolphin community are [making an immediate impact](#) on our students by supporting the Nellie Student Support Fund.
- See how Jacksonville University students [helped a local organization](#) by virtually volunteering.

As we welcome our newest class of Dolphin alumni, we realize these are uncertain times for them in the days ahead. We ask that you keep them in your thoughts as they handle this transition with confidence. We continue to send you and your family wishes of good health and comfort during this time. As always, we are just a phone call or email away and encourage you all to reach out – we love hearing from you. Be sure to check your email for your weekly dose of Dolphin spirit and stay connected with us on [Facebook](#), [Twitter](#) and [Instagram](#)!

Stay #JUStrong!
